

In 1982 Sir Peter Michael established the Peter Michael winery on a square mile of rocky volcanic ridges that form the western face of Mount St. Helena in Sonoma County. From the beginning, the wine growing philosophy was modeled on the French tradition infused with a few modern influences: One, the vineyard terroir would be the single most important feature. Two, the wines would be elegant rather than overstated. Three, there would be a hundred-year commitment to the development of a great estate.

Only premium hillside vineyard fruit is selected for Peter Michael wines. Vineyards from the estate located on the slopes of Mount St. Helena in Eastern Sonoma County, the Alexander Mountain Estate above Alexander Valley, and the Pisoni Vineyard in the Santa Lucia Highlands provide the foundation for the intense flavours and aromas in our wines. Each wine is a single-vineyard bottling representing the unique characteristics of its site.

## A tasting note...

*Not many hotels or restaurants can boast having a Vineyard owner as their proprietor, with such a keen and tireless focus on collecting and showcasing the finest Californian and international wines.*

*Or an importer that helps us to source and purchase wines from some of the smallest boutique wineries around. However, here at The Vineyard we are lucky enough to have both.*

*From the original Peter Michael Winery in Knights Valley and the Sonoma Coast Vineyards to our soon to be released latest project in the heart of Napa, the wines continue to grow in demand while production levels hit by a series of recent dry vintages have fallen in quantity.*

*But we are not just about California. As the world of wine has spread to new parts so has our list with Asia and Eastern Europe rising in ever increasing popularity and quality, while at the same time continuing to strengthen our library of older vintages and great producers from both Old and New World countries.*

*Our wine policy is simple, we want it to be fun, interactive, enjoyable, educational and within reach of everyone. Throughout the year, blind tastings, comparative tastings, cellar tours, wine dinners and masterclasses are all available, as well as regular promotions with varying countries, regions and producers to showcase the best wines of the world.*

*But don't despair if you can't manage a full bottle, with over 100 wines available by the glass and carafe at any one time, there's enough choice for everyone and opportunity to taste fabulous vintages and wines from iconic producers*

*My sommeliers and I are happy to show you our collections, introduce you to new finds or talk you through the principles of tasting or blind tasting, so please do ask us or at reception for further details and availability.*

*And if you have enjoyed a wine so much you want to know where to get it, then the simple answer is here. We offer many of our wines at a discounted cellar door price to take home, or alternatively if any of our great California collection has caught your eye, then we can pass on your order to James Hocking, our importer at The Vineyard Cellars, for delivery to your doorstep.*

From all the team, we wish you a great vinous time at The Vineyard.

Romain Bourger  
Head Sommelier
